

Our Mission action Plan is see Christ Church through lens of a minster.

1. Gathered and scattered

Minster was a community of people. Some are especially called to minister in worship, prayer and learning – to keep the fire burning. Others are called to serve through work-their primary front-line and minster prays for them, recognising this call as important as any other.

2. Sanctuary and restoration.

The minster was a place of hospitality where guests might stay for shorter or longer periods and be refreshed. Healing teams. Prayer ministry.

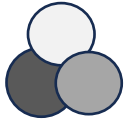

3. Sending and Calling (missional hub)

The minster serves the needs of other Christian groups in the surrounding community, *Sending* ministry teams to encourage and bless others.

The minster also *calls* to people -The minster operates as a training centre, providing both the building and vision for a shared ministry among colleagues. **(Transforming Life; New Wine networks; Lion's Roar)**

4. Gospel proclamation and Teaching

Historically the minster played an important role in the evangelisation of the neighbourhood. **We call people into a relationship with Jesus Christ.**

Where do I fit into the Minster Vision?

- Gathered** I am especially called to 'keep the home-fire burning' – to be committed to the gathered Church, it's worship and prayer. To regularly intercede for its ministries and mission.
- Scattered** I see my place of work, community or family as where I can make the most difference. This is where I am most living-out my faith and putting into practice what it means to be a disciple of Jesus.
- Sanctuary** I am especially called to a ministry of welcome and hospitality, using my time, talents or home to reach out to those on the fringes, making safe space for them to both hear and be heard.
- Restoration** I am drawn to a ministry of healing/wholeness, counselling, enabling people to break free from controlling influences and experience the freedom and resilience promised by Jesus.
- Sending** I believe God has called me to serve Him in distinctive ministry beyond the immediate walls of Christ Church. I look to the church for practical and spiritual support as I do this.
- Calling** I am aware of my need for training and equipping to be stronger in faith and more effective in ministry; I need to go deeper in receiving God's love, healing and discovering His purpose in my life.
- Gospel-Sharing** I want to share the message of Jesus with others; develop new ways of reaching out; find others with a shared passion for evangelism; help others on their journey to faith.
- Teaching** I want to help others by word and example to better understand Gods word; I have insights I believe I am to share with others in different contexts.
